Additional Information

More Information	**Use black poster rails at work and at home** These black poster rails look great in commercial environments and are becoming increasingly popular in the home too - and no wonder: they are great value, easy to use and can be hung from ceilings or walls. • Perfect for use in many retail situations such as shop window displays • Tried and tested by many of our customers from Garden Centres to large upmarket clothing chains • No tools are required. • Smaller sizes can be suspended with economic POS hanging wires such as Double Ended Hooks and Adhesive Ceiling Buttons. • Larger sizes work well with our premium hanging wire systems. Use the black poster hangers for larger-sized posters or light banner material in A1, A0 and Maxi sizes - just make sure you allow 10mm at the top and bottom of your poster to be secured in the snap-shut mechanism. If you want to hang very stiff or heavy material, consider using Poster Clamps rather than the snaps.
Product Dimensions	• Profile width: 26mm • Allow 10mm at the top and bottom of your poster for securing in the snap mechanism
