Description

Wooden A-board pavement sign built to withstand UK weather

These heavy-duty wooden chalkboard A-boards are sturdy pavement signs for those seeking a blackboard A-frame which can stand outside in all weathers and continue to look good. High-quality weatherproof blackboard sandwich board suitable for prolonged outdoor use outside a pub, restaurant or cafe under UK weather conditions. The blackboard surface is a substantial 18mm thick and the beechwood frame is solid.

This robust chalk A-board weighs in at 16kg - it won't blow away on a windy street corner or pub forecourt.

Robust heavy-duty construction with good quality laminated blackboard writing surface on each side, heavy marine ply backboard. Looks smart and attractive.

- Sturdy hinges and a chain secured the blackboard in the open position - very stable.
- Frame made from beech which has been double lacquered for protection against the elements - built to last.
- For outdoor use, we recommend Posterman waterproof chalk pens. The vivid writing can be erased without leaving shadows - please use one of our recommended cleaning products to remove Posterman chalk pens as a damp cloth won't work.

Size: 100cm tall by 60cm wide giving a good size writing surface.
