- Double sided tabletop sign holders A6, A5, A4 and A3 all in stock
- Cost effective menu, sign and photo display

## Description

---

### Menu print holders upright - double sided acrylic

Upright menu holders, sometimes called stand-up print holders, can be used double-sided. Simply insert two sheets back-to-back or a leaflet/menu printed on both sides.

These free-standing sign holders are manufactured from high quality acrylic-like PS and finished with clean edges.

- Available in a range of sizes including DL (1/3rd A4 - it is the size of an A4 sheet folded in three). To avoid costly mistakes please double check the size you require when ordering.
- A4 and A3 double-sided print holders are available in landscape and portrait versions.
- A6 is the smallest size stocked. A6 paper is 105 x 148mm (approx 4" wide x 6" high) or a quarter of a standard A4 sheet.

### How do I change the contents of the print holder?

These double sided print holders have an open slot in the bottom edge, gently prise the two edges apart and insert your menu or sign. It's really quick and easy to change your daily menus.

### Where can you use menu holders?

Normally you would use menu print holders indoors however if you have printed menus that are encapsulated or printed on waterproof paper they can be used outdoors in a covered area. When using outdoors remember that the print holders are very lightweight and do get blown around on a windy day.

### What different types of print holders do you stock?

At Sign-holders.co.uk we stock a huge variety of different menu holders to see them [all click here](https://www.sign-holders.co.uk/table-sign-holders/acrylic-poster-holders/acrylic-double-sided-poster-sign-holders.html)
