Description

Plastic price ticket holder with stand and POP clip

This neat stand is made of clear plastic with a round base and a gripper to hold rigid price cards or lightweight display boards up to 3mm thick.

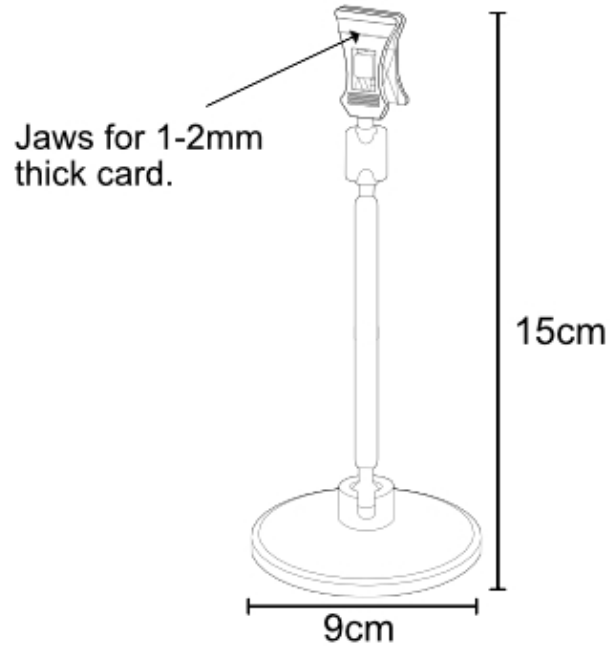

The stand elevates the card by about 15cm/6" to make it visible for example amongst cake displays or deli containers in food counters. A slightly sloping surface presents no difficulty as the swivel joints allow the price ticket or card to display correctly - either vertically or slightly angled (for easy viewing by persons standing).

- Good quality clear plastic table-top stand with sprung clip which holds stiff card securely
- Suitable for lightweight display board up to postcard size. Best suited to A6 size (10x15cm/4"x6") and A7 size (7x10cm/3"x4") price tickets or product description cards.
- Can be used with [reusable chalk cards](#) - which can be written on with [wet-erasable chalk pens](#) (click links to view)
- Wash with warm water - not dishwasher safe
