## Description

### DL (1/3rdA4) wall leaflet holders - DL flyer dispensers

High quality yet economical brochure dispensers made from rigid crystal clear plastic. This leaflet dispenser is suitable for narrow flyers and will not fit full size brochures.

The DL holder is intended for fixing onto any suitable flat surface. Wall-mount DL leaflet holders can be fixed individually or mounted onto your own wall board - for instance to create an array of DL leaflet dispensers.

DL size dispensers, also known as 1/3 A4 size pockets, suit tri-fold leaflets or typical flyers printed on standard size paper which is folded into three. These DL size leaflet holders are molded with two integral screw holes for attaching the brochure holder onto a wall, board or panel. DL leaflet holders can also be fixed to some surfaces using strong double-sided tape.

Also known as trifold size, these wall mount DL leaflet dispensers are sold singly or in full box quantities - they are boxed in multiples of 60 units.
