## Description

### Tiered catalogue stand

The PILLAR tiered catalogue stand offers an easy and practical way to display 3 tiers of leaflets on a compact portable floor stand, making this an excellent choice for exhibitions, concourses and reception areas.

We offer two versions: the A4 displays three sets of A4 brochures in a tiered arrangement, whilst the DL model includes section dividers to display two sets of DL leaflets side-by-side. The dividers are removable to allow for a

mix-and-match arrangement of different size brochures.

Similar to our tiered 3-bay literature dispensers intended for table-top use. This 3-tier perspex leaflet rack comes with its own floor stand, with an overall height of 1200mm (4ft).

- A versatile and portable leaflet rack for 3 brochures in a tiered display - or stack it up with a larger supply of a single catalogue to remove the need to constantly re-stock.
- PILLAR.4A4  Displays 3 facings of A4 size in portrait configuration.
- PILLAR.6DL  Displays 6 facings of DL size (typical tourist brochure size).

## Additional Information

| | |
|---|---|
| More Information | Two versions of the tiered catalogue stand are available:<br>• PILLAR.4A4 offers 3 tiers of A4 size literature in portrait aspect<br>• PILLAR.6DL offers 6 'pockets' of DL size (tri-folded A4 as used for tourist pamphlets) |
