Description

Lectern floor stand – Menu display browser stand or speaker's podium

Low cost yet effective menu browser, catalogue display stand and acrylic lectern combined. Use without the ring binder as a simple low-cost podium.

Catalogue browser stands are popular in electrical and lighting showrooms, for furniture displays and other stores where it is not possible to have the full range on display. Providing customers with a physical catalogue which they can browse and view in-store, while similar products from the range are at hand for reference, is an effective marketing tool.

- The supplied ring binder makes a catalogue display stand for use in shops, showrooms, and similar

locations.

- Fits A4 size paper punched with 4 holes – ideal for laminated or glossy catalogues which can be thumbed through by the public.
- In a restaurant, it makes a portable menu display stand which can be placed on the floor at the entrance.
- In a meeting room, training room or seminar room, the lectern provides the perfect place for your notes. It can be assembled without the ring binder if you need a flat (but inclined) surface on which to place your notes. The lower lip keeps papers or prompt cards safe and secure.
- The display area is made from clear acrylic and the lectern stand is made from silver finish aluminium.
- It is stable yet portable – easy to pick up and move.

Additional Information

More Information	<p>Accessories</p> <p>The leg of the lectern has a channel in the front and back faces which accept special accessories which we supply with compatible fixings. The accessories are the same as can be used on our floor information point sign stands (unit called Presenta Adjusta). The accessory must be fitted to the leg before the base is attached. The base is removable, as is the top table, using a hex key which is supplied and a standard screwdriver.</p> <p>PLEASE CALL IF YOU WISH TO CUSTOMISE YOUR LECTERN WITH SNAP FRAMES OR BROCHURE BOXES</p> <p>Brochure holders and snap frames are available as follows:</p> <p>A4 brochure holder, portrait A5 brochure holder, portrait 1/3A4 brochure holder, portrait A4 snap frame - can be fitted for portrait or landscape A3 snap frame - can be fitted for portrait or landscape</p>
