

Waterproof banner media 42 inch

Short Description

- 1067mm - 42" wide format waterproof poster and banner roll supplies
- Waterproof papers for A-boards and snap frame displays
- Outdoor poster printing inkjet papers on a roll

Folajet 1067mm wondermedia | **Last 3 rolls remaining** | This media has unfortunately been discontinued by the manufacturer.

The Polypro Wondermedia has the same great waterproof characteristics and is more economical per linear metre.

Product Images

Waterproof wide format printing roll media 42"

Outdoor waterproof prints, banners and Ao posters can be produced in-house by printing on these water resistant outdoor synthetic paper rolls using pigment inkjet printers such as Epson, Canon and HP.

This opens up a whole new range of outdoor possibilities for affordable poster and banner printing: outdoor prints which are resistant to running or smudging.

- **Wondermedia**, tough coated polypropylene waterproof media 1067mm wide for use outdoors:
 - **Polypro Wondermedia** is the economic choice for outdoor use from our Magic Media range.
 - **Folajet Wondermedia** is the original premium grade proven over many years (more resistant to ripping when used unsupported).
- **Heavy-Duty Fabric**, Waterproof indoor or outdoor hanging banner material with a photo quality finish. This fabric hangs well for indoor banners.

Sign-holders.co.uk – Green Magic POS printing specialists

For over 20 years Green Magic have pioneered good in-house POS printing for garden centres and outdoor retailers, this range of large/wide format printing media has been core to that end. Wondermedia provided a cost effective solution to provide a vibrant non-fade point of sale print and still does. Independent Garden centres along with the well know garden centre groups continue to use the specialist printing solutions provided by Green Magic.

As always we highly recommend Epson inkjet printers for their quality of build and ongoing low maintenance and running costs. What's more the prints are waterproof as soon as the ink is dry, especially important to outdoor retail where water and irrigation systems work alongside point of sale solutions.

For large retailers having the flexibility to print their own bespoke customer information on demand gives a crucial edge in customer retention and the overall retail experience. It is by design, not by luck that the successful destination centres have amazing point of sale and customer information / promotions. Sign-holders – Green Magic supply everything needed to print and display your POS well.

All 1067mm roll media is supplied wound on standard 2-inch cores. 42 inch wide Magic Media which also suits 44 inch wide printers is Green Magic's specialist own brand of waterproof and other media.

For indoor hanging banners use these media types with [Poster Snaps and Poster Clamps](#) - in each case, we have a width of poster bars that match the 1067mm (42") width of this paper.

These coated inkjet synthetic media are receptive to pigment inks and can be used outdoors for several months. The print will not be waterproof with dye-based ink.

Please check that your printer can use the media you are selecting as we cannot accept responsibility for items ordered in error.

- All of the above are suitable for Epson Ultra Chrome Inks.
- We do not recommend for outdoor use with dye-based inkjet printers due to the tendency to fade rapidly and dye-ink not being waterproof!
- This media is not recommended for Solvent printers.

Unlike most Epson roll media, the above are all tough and waterproof. The 2 versions of Wondermedia may be described as Polypropylene paper rolls, but in reality, this is a plastic material and unlike paper, it is tear-resistant (the Folajet version is especially resistant to tearing).

1067mm (42") inkjet roll media can be used for exterior outdoor applications with the following printers:

- Epson Pro 9600
- Epson Pro 9400
- Epson Pro 9450
- Epson Pro 9800
- Epson Pro 9880
- Epson Stylus Pro 9700
- Canon ImagePROGRAF 8100
- Canon ImagePROGRAF 8400
- Plus similar models

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
