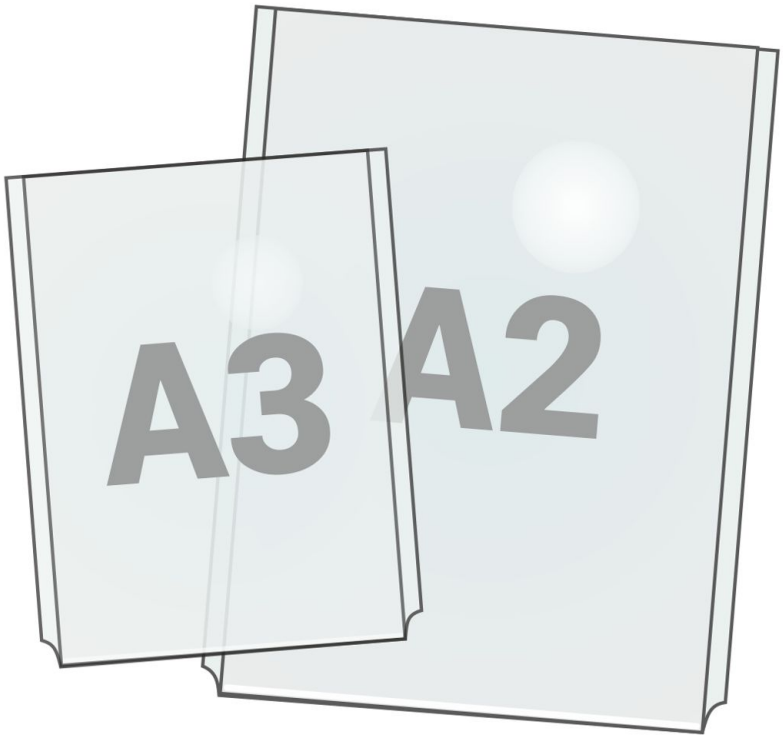
Product Images



Description

Acrylic literature pockets for cable display systems

These pockets are spare parts or add-on items for our cable display systems. They can also be ordered together with individual cable display components to create your own bespoke configuration.

- A4 acrylic pockets are supplied in both portrait and landscape versions. Other sizes of acrylic literature pockets are stocked in portrait format. Landscape perspex pockets are available on longer lead times and

are subject to minimum order quantities - please call.

- Acrylic literature pockets are intended for holding a single sheet of paper, which can be double-sided. However, to avoid show-through it is preferable to insert two sheets back to back for double-sided display.
- Acrylic wall pockets for use in conjunction with cable display systems are often referred to as easy access display pockets. The pocket is manufactured with three open sides to allow easy insertion of a sheet of paper or poster.
- The 'wings' on either side of the display area are used to grip the pocket using tiny clamp fittings, which are in turn attached to the vertical wires which comprise the cable display system. Cable clips called Mini Clamps or Gripper Clamps should be ordered separately.
- Display pockets are not illuminated. They can be lit using spot lights. They are intended for indoor use.

Additional Information

More Information	• Acrylic literature pockets are intended for displaying individual sheets of paper, such as estate agent particulars. They are not intended for dispensing these to the public. We have wall mounted leaflet holders for that job. • Most popular size is A4 acrylic pocket POCK.A4 Easy access poster pockets | A4 acrylic pocket for cable display systems - Other sizes available
Product Dimensions	• All pockets fit the stated size of paper. The overall width of the pocket is wider than the corresponding paper size.
Assembly and Installation	• These acrylic display pockets are only intended for use in conjunction with cable display systems. They do not have a facility for direct wall mounting. We have other products which are suitable for fixing individually to a wall.
Delivery and Returns	• We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery. • Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem. • For detailed information about Delivery charges or Returns and refund policies, please click on the links below.
