- Easy to customise for any event – position pockets and header as required and insert/update your own A4 prints
- Create a unique seating plan easel or direction sign for an event or function – decorate your chalkboard with supplied wet-wipe chalk pen

Description

Table plan easel with luxury finish for weddings and special occasions

Our beautiful table plan easel sets are just the thing for directing your guests to their seats. The wooden easel is made from beech wood and the quality blackboard surface can be used with chalk and chalk pens allowing you to decorate and present your event in your own distinctive style. Our table plan easel set includes four A4 clear **Magic-fix Pockets** so you can print and present your own plans for up to eight tables.

Versatile display board for directing visitors

This luxury chalkboard easel set would look equally good in a high-end venue, boutique setting or marquee entrance and is perfect for displaying wedding seating plans.

This versatile free-standing display board is also suitable for directing visitors to meeting rooms, making it a great solution for directing delegates to seminar rooms or for use at a school parents evening.

- Versatile display options: use stick chalk, wet wipe chalkboard pens as well as your own printed signs
- Ideal for personalising stylish events and special occasions
- Adjustable function easel with fold-away feature for easy storage
- Position the blackboard in either portrait or landscape to reflect the layout of your event
- Apply up to four A4 pockets to the board according to your needs. Pockets can be easily removed, repositioned and reused multiple times
- Easel and board sets are also popular display options for restaurants, shops, schools, hotels, and conference centres

Also available in a larger size for those bigger wedding events and banquets: Click here for [larger table plan board and easel](#)

Table plan easel set includes easel and chalkboard – and more!

Our table plan easel comes with all you need to get your plan or display up and running: we include a header strip, wet wipe chalkboard pen and four display pockets.

Each Magic-Fix pocket holds one A4 sheet for one large, or two smaller, table settings. The pockets have gecko tech adhesive enabling repositioning without leaving a sticky residue.

To insert prints: once the pockets have been applied to your satisfaction, simply peel back the top edge of the pocket, insert your print and smooth down.

The header label holder is 30 cm wide x 4 cm high.

Simply print your header insert using the full length of an A4 sheet landscape.

Our set includes one chalkboard pen – we also supply sets of various colours if you want to get really creative!

More Information

Useful tips

- The easel requires assembly – this is straight-forward, and instructions are included.
- If you have a borderless setting on your A4 printer you can extend your design right to the edge of the page.
- For a pristine finish, when inserting prints into pockets avoid them coming into contact with the tacky top and bottom strips.

Convenient reading height

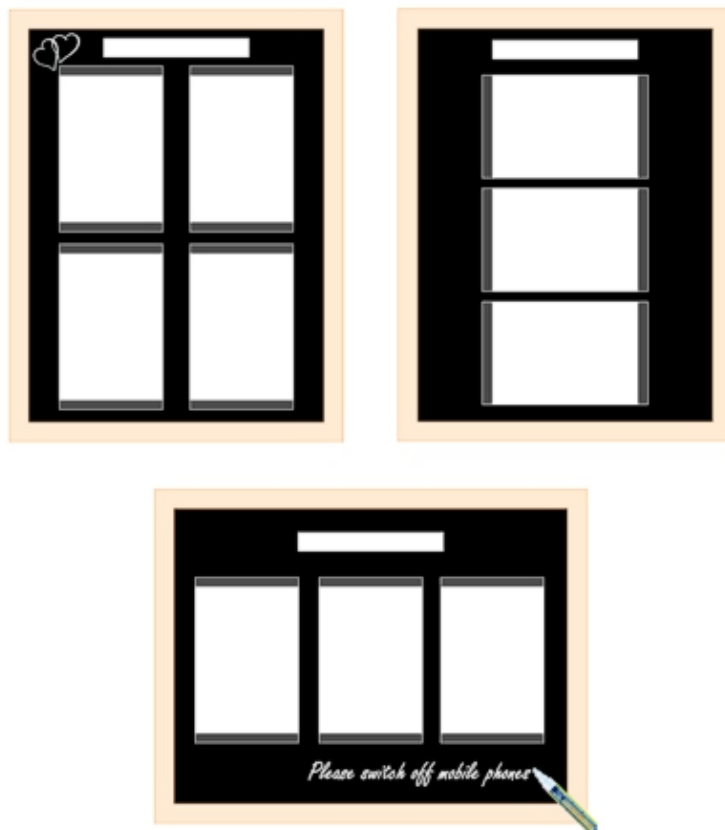

- The easel is adjustable allowing the chalkboard to be placed at a comfortable reading height.
- The beech wood frame surrounding the blackboard is 4 cm wide.
- The chalkboard is 60 cm wide plus frame, making 68 cm overall width.
- The chalkboard height is 80 cm plus frame, making it 88 cm overall. It can be positioned portrait or landscape on the easel..
- The height of the easel is 150 cm. The top of the chalkboard is normally set slightly lower than for good visual balance.
- The board can be set lower to suit children or wheel chair users if required.

Pockets and header can be arranged as required

To display all 4 pockets you need to follow the layout shown in the images.

If 3 pockets will suffice some alternative layouts are possible as illustrate. The Magic-Fix pockets can be fitted landscape (with the adhesive strips each side). Provided that pocket is smoothed down correctly A4 inserts will normally be held reliably:

Some alternative ways to arrange the A4 pockets

Assembly and Installation

- The easel requires assembly – this is straight-forward, and instructions are included.
- The height of the support rail can be adjusted by slackening two wing nuts.
- The chalkboard is simply placed on the easel but ideally taken off and placed flat when decorating with chalk pen (optional)
- The self-cling Magic-Fix pockets are supplied loose. Simply peel off the protective film and apply the 'tacky' top and bottom strips to the chalkboard in the required position.
- To insert paper un-peel the top strip and smooth it back down again.
- To re-use pockets, just un-peel and re-apply wherever required. The strips can be sponged clean with water if they become soiled upon multiple re-use. [Spare pockets are available](#).
- The chalkboard also comes with wall fixings. These are not required when using on an easel.

Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
