We're proud to say that this information stand is exclusive to Sign Holders by Green Magic! If you want your large poster to stand out and look great, then this is a great option for you.

More Information	<h2>What's it made of and is it recyclable</h2> <p>The main column pole and snap poster frames are made of anodised aluminium which are recyclable at end of life when looked after these high-quality stands will give you many years of service. The base is a thick steel plate that is painted with a hard-wearing silver coating. The snap poster frames are made from aluminium with a grey Styrene (a type of plastic) back panel and can be recycled but you need to check with your waste provider.</p>
Assembly and Installation	<p>Assembling the poster stand column is easy and shouldn't take more than a few moments.</p> <p>Build the base and pole unit and slide the frames on to the pole. All of the components are height adjustable so choose the frame heights to suit your needs and tighten the screws to fix the frames in place.</p> <p>Once assembled, the whole unit can be move as is or can be dismantled again easily.</p> <p>Please contact us if you have issues with building your stand - we're always happy to talk you through the steps!</p>
