- Hand sanitiser stand is 1.5 m tall with a flat square metal base for stability

Description

Hand sanitiser stands with refillable dispenser

Our hand sanitiser stands are well designed and suitable for use in any environment (indoors). The hand sanitiser dispenser is refillable with alcohol hand sanitiser gel or non-alcohol types. The dispenser can be set at a convenient height, for example, it can be set lower when dispensers are located in schools.

The convenient free-standing design means that the hand sanitiser dispenser stand can be positioned in maximum traffic flow areas rather than being missed as may happen with wall-mounted dispensers.

- Hand sanitiser stands include an A3 poster frame for your own hand sanitiser sign . When fitted landscape the frame will also fit two A4 notices or printouts side by side.
- Lever action gel dispenser can be operated by the elbow or wrist/cuff.
- The flat metal base 350 x 350 mm weighs 4 kg to support the 155 cm high oval shape aluminium leg
- Floor standing hand sanitiser commands attention and the poster frame lets you add an appropriate exhortation to users (whether staff, visitors or customers) or a brand message to promote your safe working policies.
- This product is sold without hand sanitiser gel - we can supply good quality alcohol hand sanitiser in 5 litre bottles - see Recommended Accessories. Our good quality sanitising gel is available from stock or can be delivered with your hand sanitiser dispenser stand..
