## Description

---

### **Empty dispenser bottle with pump action**

- Need a dispenser bottle you can refill from bulk supplies?
- Keep a filled spare bottle at the ready to restock a hand sanitiser stand which runs out at the busiest time of the day.

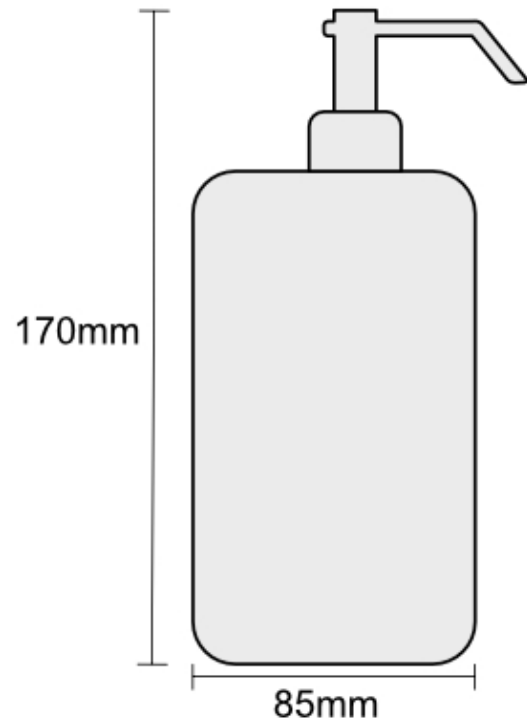

Sturdy plastic dispenser bottle with pump action cap is supplied empty to fill with hand sanitiser gel on your premises from 5 litre bulk containers.

The bottle has 1 litre capacity and is compatible with our hand sanitiser bottle holder stand. The downward angled spout helps ensure the gel is dropped onto the hands.

We recommend a funnel or jug with spout for filling from a bulk jerry can. The bottle is recommended for use with our own brand hand sanitiser gel as well as gel from other suppliers. The nozzle does not spray so it is less suitable for dispensing liquid alcohol sanitiser, but we recommend gel to avoid drips and wastage.
