### Stick-on option

## Description

---

### Manual hand gel dispenser for wall or glass mounting

Lever operated wall mounted hand sanitiser dispenser includes several innovative features. The dispenser is suitable for any indoor location and can be fixed to any wall with screws or onto glass partitions and tiled walls using the included adhesive fixing option - with no drilling required.

- Manually operated hand gel dispenser can be operated by elbow, wrist or hand.
- Economical hand sanitiser unit with no electrical components to fail.
- Fixing kit includes two ways to mount - with screws or stick-on option. The adhesive mounting brackets include the facility to remove the unit for cleaning.
- The adhesive mounts use 3M VHB self-adhesive strips which bond securely and are waterproof. They are suitable for mounting on surface which are not porous or textured.
- The dispenser unit is made from tough ABS with a removable and refillable 1 litre bottle with pump-action measured dose delivery.
- No special refill cartridges are required - simply fill with hand sanitiser gel or alcohol sanitising liquid.
- The delivery spout is angled downwards to avoid spillages. A drip catcher tray is included which simply unclips for cleaning.
- To deter theft or tampering the gel bottle is secured by a spring loaded catch.
- The unit is supplied without gel but we can supply high quality 70% alcohol hand sanitiser gel.

Product Dimensions

Assembly and Installation

Easy to install

Mounting and filling instructions are included.  
When the adhesive mounts are used it is important firstly to clean the wall or glass thoroughly and apply firm pressure onto the mounting plate.  
We recommend that the filled bottle is not inserted for a few hours (preferably leave overnight) to give the adhesive a chance to cure and achieve full bonding strength.

Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
