These stands offer the perfect combination of style and function: the sturdy base, stylish curved leg and snap poster frame bring together everything you're looking for in a floor stand sign!

Where to use your copper sign stand

This floor sign is intended for indoor use. Short term outdoor use or placement under a canopy or porch is possible. The snap frame includes a clear cover sheet to protect your printed sign or menu from dust and finger marks, but it will not protect paper prints against rain. The sign stand is portable and can be moved easily. The circular metal base and stand are stable and suitable for busy locations. The single, gently curved leg and copper colour adds a touch of style to set off your printed media perfectly. Available with an A4 or A3 poster snap frame.
