### Silver display board stand with double-sided slot-in frame

This silver display board stand with a double-sided slot-in frame is an excellent choice if you are looking to display your advertisements, promotions, messages, and information in heavy footfall areas. The weighted base gives the stand a good deal of stability and by using waterproof prints or weather-resistant display boards, the stand can be used indoors or out. \*See More Information regarding possible outdoor use.

Ideal for retail parks, shopping malls, department stores, reception areas, hospitality and events venues and outdoor leisure and sports facilities.

- The slot-in poster frame is super easy to use, meaning you can change your graphics or boards in an

instant

- Comes with poster protectors and a divider for using two posters back-to-back; alternatively, print a rigid poster board on both sides if required
- Sturdy, robust and durable
- Set to landscape or portrait display

## Versatile display options

The beauty of this stand is in its versatility! You can set your display to portrait *or* landscape, so there is no need to compromise on your presentation style. The frame is very easy to use as you simply slot in your graphics ... changing your messages and information couldn't be easier.

## Single-sided or double-sided

The frame has been designed to take two standard posters back-to-back, with a divider to ensure no 'bleed through' of images, or a double-sided rigid printed board. The stand and base have been made with robust and durable materials so you can be confident that your display board will be safe in any number of environments. With all these options, it's no wonder this is such a perfect advertising and information solution for all kinds of industries and spaces.

More Information	<p><b>Suitable applications for display board stand</b></p> <p>Freestanding display board stand is perfect for use indoors with printed paper posters or lightweight foamboard inserts up to 6 mm thick. When displaying posters, the clear plastic cover sheets offer protection from finger marks and scuffing. They do not offer protection against rain.</p> <p>The stands may also be used outdoors with the following limitations:</p> <ul style="list-style-type: none"><li>• Posters should be printed on waterproof material or use a direct-printed foam-board or another substrate that is weather resistant.</li><li>• A2 size is stable in medium exposure outdoor situations but not in strong wind.</li><li>• A1 size should be confined to more sheltered locations to prevent possible toppling over due to wind force.</li><li>• Both models are considered portable and can be carried indoors with relative ease.</li></ul>
Product Dimensions	<p>The maximum poster thickness is 1 mm with protectors and divider.</p> <p>Rigid poster board maximum thickness is 6 mm (use without protectors and divider)</p> <p>A2 stand and frame height is 1560mm and weighs 9.2 kg approx.</p> <p>A1 stand and frame height is 1808mm and weighs 9.8 kg approx.</p>
Assembly and Installation	<p>During assembly, the frame can be positioned either portrait or landscape as mounting holes are provided to suit both orientations. The frame can subsequently be de-mounted and re-fixed in the opposite orientation.</p> <p>Free standing display board stand is easy to assemble, as shown in the video below.</p>
Delivery and Returns	<ul style="list-style-type: none"><li>• We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.</li><li>• Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.</li><li>• For detailed information about Delivery charges or Returns and refund policies, please click on the links below.</li></ul>
