### Poster hanger sets for advertising in large spaces

Poster hanger sets are really versatile and can be used in any number of spaces. Hung from suspended ceilings, poster hangers are often seen in supermarkets and department stores to advertise special offers and draw customers to promotional stands or aisles. Similarly, exhibition and events halls, showrooms, university and college concourses, galleries, museums, and civic centres have the sort of space that requires large banners and signs for directing visitors. Alternatively, hang your banner in your shop window to grab passers-by attention or

as a backdrop to a window display.

- Made from aluminium with a 40mm deep profile
- Easy double-sided banner and poster display
- Banners and posters are secured into place between the hanging bars
- Hang from ceilings or attach to walls or windows for eye-catching displays
- Great looking display option in any large space for adverts, signs, prints and artwork

Each set of poster hanging strips contain hanging bars with internal clips to grip your graphics, movable suspension eyes, and end caps. The set can be used to display landscape or portrait signs and banners.
