Description

A2 A-board pavement sign

Our A2 A-boards are perfect for travelling with. The compact size and sturdiness are ideal for exhibitors, market traders and on-the-go advertisers. Available in stylish black and silver finishes, perfect for displaying posters outdoors or indoors.

- **Dual-Sided Display:** All our snap frame A-boards feature two snap poster frames, allowing you to catch

the eye of passers-by from both directions.

- **Weather Protection:** Each A-frame pavement sign comes with clear poster covers and drainage holes to keep your adverts and posters clean and dry.
- **Safety Features:** Designed with rounded corners that look great and provide added safety.
- **Quality Assurance:** Corrosion-resistant with galvanised steel back panels for added weight and stability
- **Excellent Value:** Great quality product at a very reasonable price!

Specification of Snap frame A-boards
Our A Boards are supplied without posters. Advertising posters designed to your individual needs can be sourced in most towns from local printers or sign shops and changed when required to keep your message looking fresh.
Snap frame A-boards are shipped out individually boxed with corner protectors to offer added protection. Poster protectors are shipped inside the frame. Because they are see-through they can be missed – so please look again as they are always included.
The poster frames on these pavement signs are supplied with drainage holes at the bottom of the frame but are not guaranteed 100% waterproof. Generally, this does not present a problem when posters are changed from time to time. Other options are to print the poster on water-resistant paper or synthetic media or to encapsulate the print. This is best for more permanent advertising boards.
Alternatively, select from our range of [waterbase pavement signs](#) as these are fitted with virtually waterproof poster frames.
As well as supplying end users direct we are a trade supplier of A-boards.
