PAIR OF SUSPENSION CLIPS

Optional for hanging snap frames A2-A0 from picture hooks or suspended on wires

Description

Poster Frames for hanging from the wall

Poster frames are similar to picture frames, but with a poster frame it is anticipated that the poster may be changed from time to time. In this situation wall-hung poster frames may be chosen for their ease of swapping over the poster. A snap frame is a specific type of poster frame which caters for this facility - generally allowing you to insert and exchange posters without taking the frame off the wall.

- We have many types of snap-action poster frames in our range - the ones on this page are specially selected for being smart, affordable, and easy to hang on a wall.
- Wall hanging often involves using picture pins or picture hooks onto which the frame is simply hooked.
- In some cases, hanging a poster entails suspension against a wall - using a hanging cord or suspension wire. We have [wall suspension kits](#) available to make this easy and practical.

A3 and A4 Poster Frames

The A3 and A4 poster frames featured have a moulded back panel incorporating a convenient hanging point to suit either portrait or landscape display. Simply hang the poster frame on a nail head, picture hook or removable adhesive hook (such as Command Hooks). You will not need the optional Suspension Clips listed in the price table for A4 and A3 sizes.

The A4 or A3 poster frames have a smart satin silver finish, with four hinged-opening sides to pop your poster into the frame behind the clear plastic cover sheet supplied.

A2, A1 and A0 Wall-hanging Poster Frames

The larger sizes of poster frame listed here are wall-hanging snap frames, also with front-opening surrounds to insert your poster behind the poster cover sheet. These poster frames can be fixed directly to the wall or hung using a pair of suspension clips supplied as an optional accessory. Please select suspension clips (which are sold as a pair) in addition to the required number of poster frames. Suspension clips are not needed if you prefer to

screw the frames to the wall using the screws and wall plugs included with the A2, A1 and Ao poster frames.

- Please refer to More Information for guidance about the suitability of these poster frames in your situation.

More Information	<h2>Poster Frames - Attention please!</h2> <ul style="list-style-type: none">• These poster frames take the exact poster size stated. The frame surround will cover a small border of the print or poster (about 15mm or 1/2 inch all round).• There isn't a separate mount or passe partout like you would normally get in a picture frame.• The poster cover sheet is semi-flexible plastic with an anti-reflection surface on one side. The clarity is not quite as good as glass but acceptable in almost all circumstances.• It is not possible to use glass or fully rigid plastic fronts in snap frames. It would be too thick and inflexible to introduce into the frame.• The poster thickness should be normal paper thickness. The poster should not be mounted on foam board or any other backing as the extra thickness will not fit inside the frame and the corners won't close nicely.
Product Dimensions	<h2>Size Information for wall poster frames</h2> <ul style="list-style-type: none">• The width of the surround is 2.5cm = 25mm or 1 inch• Front to back depth of 25mm profile snap frame: 12mm (approx 1/2 inch)• A4 relates to the size of paper an A4 frame will fit.• A narrow strip around the edge of your print is hidden when the frame is closed. <p>Visible poster size: 22mm less than actual poster (i.e. 11mm all round your poster is hidden by the frame surround)</p> <ul style="list-style-type: none">• The overall size of the frame is larger than the paper inserted. <p>Overall (external) frame sizes are shown in the table:</p>
Delivery and Returns	<ul style="list-style-type: none">• We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.• Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.• For detailed information about Delivery charges or Returns and refund policies, please click on the links below.
