## Description

---

### Clear adjustable display stand for tabletop

This clear frame sign stand with adjustable height is ideal for displaying key information on a table or desk. The table sign stand comes with a Crystal Edge poster holder to provide sleek and professional display of your prints. The adjustable sign stand features a black metal base and adjustable leg allows for customisation of the height, giving you control over the ideal viewing angle.

### Crystal Edge Sign Stand

Versatile Crystal Edge frames can be used in three ways: with plain paper and an optional poster protector, or laminated prints alongside the supplied Correx backing sheet. Alternatively, remove the backing sheet and use with an optional U-Pocket poster sleeve or with a rigid showcard. The clear frames come in three sizes – A5 to A3 and are designed to maintain a pristine presentation for professional displays. The A4 plastic display stand is a popular option schools, libraries, and offices.

- Crystal Edge poster holder – for discrete signage without an obtrusive frame
- Clear poster stand – the transparent frame gives edge-to-edge poster visibility
- Dual orientation – This sign stand can be used with the frame set horizontally or vertically as well as presenting single sided or double sided prints
- Recommended accessories – add on clear poster protectors or u-pockets to help protect your print from finger marks and help it last longer.
- Stiffening backing sheet – every Crystal Edge frame is supplied with a stiffened correx backing sheet to support your print
- Adjustable – Features an adjustable leg height from 300 mm up to 600 mm plus the frame.
- Durable sign stand – The metal tabletop base is made from steel that is powder coated black with a durable paint finish.
- Can be used outdoors – To use outdoors, laminate your poster and weigh the base down. The non rust stem and durable plastic frame means this is versatile stand is suitable for indoor or outdoor use.

## Additional Information

---

More Information	<p>This clear plastic poster frame with stand can be used both indoors and outdoors. It is essential to laminate your print rather than relying on a poster protector or U-Pocket as these will not render your print weatherproof. It is also necessary to weight the base to stop the stand blowing over.</p>
