Description

A5 Plastic Slim Frames

A5 plastic slim frames, perfect for garden centres, with a paper insertion slot and complete with a backing sheet. Simply slide your POS card or printed sign into the frame!

- Low cost, durable outdoors, ideal for interchangeable POS.
- High-quality ABS plastic to last longer outdoors,
- Beware cheap styrene imitations do not last long in the sun.
- Fits standard A5 paper; laminated A5; and garden centre 8x6 in bed cards.
- Slim frames are also available in [A4](#) and [A3](#) sizes.

- Use in garden centres [with Grip Strip](#) to make a flexible continuous labelling system.
- Use the drop-down list to select the frame colour you require.
- Order fixing clips and clear cover sheets separately according to your requirements. Use with any Slim frame fixing clip or system. [Click here to select compatible fixings \(Series 100\)](#).

A5 Plastic bed cards

Our A5 plastic bed cards are available in a great range of colours to suit your decor theme and to make your customer information stand out. These are a real must-have for any garden centre, plant nursery or outdoor plant department!

More Information	<p>A5 plastic Slim frames are especially popular for garden centre signage since they fit the industry standard size of bedcard or bed label (8in x 6in) as well as A5 and encapsulated A5 paper.</p> <p>These A5 frames can be used outdoors. This applies when the insert is encapsulated (laminated) paper or a waterproof plastic printed insert.</p> <p>Note: The following colours are not recommended for extended outdoor use and the frame colours can fade: red, yellow, orange.</p> <p>The following frame colours have proved particularly successful in long-term outdoor applications (e.g. 5 years plus): Black, white*, green, dark green, and navy blue. * White is, in fact, an off-white or slightly creamy white.</p> <p>If you envisage a large project involving maybe hundreds of frames you may want to request a colour sample.</p> <p>One popular fixing system is Grip Strip - a continuous clear plastic U-channel suitable for use outdoors as well as inside - into which Slim frames fit. The Grip Strip is screwed onto plant benches and bed dividers. We have sold tens of thousands of metres of Grip Strip for this application.</p> <p>Successful installations of a similar type have been used in many other types of stores - shoe shops, delicatessens, above freezers etc. Any of the other OEK Series 100 clips (OEK.1xx) will also fit A5 Slim frames.</p> <p>These A5 plastic frames are also used as part of tabletop stands for A5 posters - see shop signage section.</p> <p>A5 Overall frame measurements w-160mm x h-220mm</p>
