Snap Frames with safety corners in sizes A4, A3 and A2 for wall mounting

Opti Snap frames are safe and economical snap frames offering additional mounting options. Display your own printed poster signs to clearly communicate your message. Snap open frame mechanism lets you change your message quickly and easily meaning you can refresh your signage within seconds not days.

The 25mm wide aluminium frame border has a smart silver finish, with **no sharp corners**. These high-quality A2, A3 and A4 snap frames with safety tipped corners making them safer for walls in busy places such as corridors, classrooms and on room doors.

How to change the poster in a snap frame

Simply open up the front of the frame and insert your sign behind the clear plastic cover sheet. Posters can be changed easily without removing the frame from the wall or door etc.

Easy ways to fit your snap frames to a wall

- **SCREW:** The rear of the frame is moulded out of durable rigid plastic. Screw holes are provided for concealed wall fixing. (*Screws and wall plugs are **not** supplied*).
- **STICK:** On smooth surfaces such as doors, double-sided tape may be used (Order 1 roll/10 A4 frames or 7 A3 frames).
- **HANG:** Opti A4 and A3 snap frames can conveniently be wall hung on a picture pin, either portrait or landscape. The pin or nail is hidden behind the frame – no picture cord is required.
- A separate free-standing A4 version is available for [countertop use](#) with a folding leg.

What is a safety snap frame?

- Standard snap frames sometimes have a sharp corner where the frame opens – Opti frames have a smooth tipped corner.
- Safe to use where the general public might come into contact with or brush past the frame.

Where would you use an Opti frame?

Anywhere that there is a risk of someone coming into contact with your sign, either on a wall or screwed to a door. Schools and colleges use Opti frames in corridors and in toilets where there is an increased risk of contact.

More Information

Opti Frames – great value for so many uses

- A4, A3, A2 and A1 size Opti snap frames supplied individually boxed.
- Silver anodised aluminium frame surround matches other 25mm profile snap frames.
- Spring-loaded sides – simply snap open for an easy change of signs or notices.
- Suitable for Portrait or Landscape installation.
- PET anti-glare poster cover sheet included.
- Grey plastic rear moulding provides extra rigidity.
- Pre-drilled for wall fixing.
- Screws and wall plugs are included with A4, A3, A2 and A1 Opti Frames.
- A4 and A3 Opti frames can be hung on a single pin or nail thanks to a special central suspension point moulded into the rigid back panel in both the long and short sides – i.e. for portrait or landscape display.

A4 Opti Frames are ideal for fixing onto room doors – in conference suites to identify what's going on in each room, in care homes where dementia patients can recognise a familiar picture to help with orientation, or on pub toilet doors to display advertisements or promote forthcoming events. These are just a few examples! The possibilities are endless.

Note: [A4 tabletop snap frame](#) is also available in the Opti Frame range. It has a fold-out counter stand that can be used either landscape or portrait.

Product Dimensions

Size Information for Opti frames

- The width of the surround is 2.5cm = 25mm or 1 inch
 - Front to back depth of **A4** - **A2** size frame: 17mm
Front to back depth of **A1** size frame: 13.5mm
 - A4 relates to the size of paper an A4 frame will fit.
 - A narrow strip around the edge of your print is hidden when the frame is closed.
Visible poster size for **A4** - **A2** is 19mm less than actual poster (i.e. 9.5mm all round your poster is hidden by the frame surround)
Visible poster size for **A1** is 16mm less than actual poster (i.e. 8mm all round your poster is hidden by the frame surround)
 - The overall size of the frame is larger than the paper inserted.
- Overall (external) frame sizes are shown in the table:

Opti frame sizes

Order Code	Poster size	External size	Visible area
ASO.A4/25	210X297	239X326	188X275
ASO.A3/25	297X420	326X449	275X398
ASO.A2/25	420X594	449X623	398X572
ASO.A1/25	594X841	623X870	572X819

Opti frames are supplied fully assembled and individually boxed.

Hang Opti frames on a picture hook

- Smaller Opti snap frames up to and including A3 size can be hung on a single picture pin nailed into the wall.
- The back of the frame provides this facility whether the frame is to be mounted portrait or landscape
- Hanging a snap frame on a picture hook, nail or tack only requires a hammer.
- Picture hooks and tacks are not supplied. They are available from hardware stores.

Fix Opti frames using screws

- The usual way to permanently fix Opti frames is with screws.
- Screws and plastic wall plugs are included with every snap frame we supply
- The wall plugs are for use with masonry walls such as brick and most plastered walls
- When screwing onto wood the plugs are not needed
- A drill and screwdriver are required for screw fixing (and we recommend using a spirit level and tape measure to ensure the frames are properly aligned). If in doubt please consult a proficient DIY or trades person.

Fix Opti frames using adhesive tape

- Rolls of double-side adhesive tape are available as an accessory item.
- If **double-side adhesive tape** is used to fix frames (in place of the screws supplied) please check the smoothness and suitability of the wall.
- Tiles and similar surfaces may be suitable provided they are cleaned thoroughly before application.
- Tape fixing is not suitable for surfaces with a non-stick coating or porous/foamed surfaces.
- We recommend that tape is used around the full perimeter of the frame.
- Larger frames are normally best screwed. A residue of foam tape will be left on the wall or door after removal of the frame and the frame will usually be hard to get off.

Assembly and Installation

Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
