## Description

---

### **A6 and A5 Desktop photo frames in silver or black finish**

Dual use desktop photo frames for printed notices & signs or as photo frames.

A clip-in strut supports these neat snap frames on any tabletop. They are great for desk names, unobtrusive signs on a reception desk or for use in a showroom or at an exhibition. They look equally good at home displaying photos on the sideboard or coffee table.

- Snap open all four sides to insert your print behind the supplied clear poster protector.
- Use Landscape or portrait - the support strut attaches either way.
- The rear support leg folds away when not in use. This dual-use model can be placed on a table or mounted on the wall.
- Stocked in silver or black

### **Perfect photo frames for your desk**

The small A6 and A5 print sizes are great for that favourite picture you like to keep on your desk, being a smart snap frame you can also change your picture quickly and easily in a matter of seconds. At this price, it also doubles as a great secret Santa gift for your co-workers or a nice mantelpiece photo holder of the kids for the grandparents.

### More Information

To change the picture simply open the four sides of the frame and insert your paper or photo behind the supplied plastic cover sheet.

The support leg clips into place and can be located to suit either portrait of landscape display. It can be folded away when not in use or for wall mounting.

The silver version has a grey back panel and support strut.

The black version has a black back panel and fold-out support strut.

### Product Dimensions

#### Size Information for Opti snap frames

- The width of the surround is 1.4cm = 14mm
- Front to back depth of 14mm profile snap frame: 13.2mm
- A6 relates to the size of paper an A6 frame will fit.
- A narrow strip around the edge of your print is hidden when the frame is closed.

Visible poster size: 10mm less than actual poster (i.e. 5mm all round your poster is hidden by the frame surround)

- The overall size of the frame is larger than the paper inserted.

Overall (external) frame sizes are shown in the table:

#### Table of Opti snap frame sizes - relates to 14mm wide profile frames

Order Code	Poster size	External size	Visible area
A6 Opti Frame	105x148	126x169	95x138
A5 Opti Frame	148x210	169x231	138x200

## Assembly and Installation

Opti frames are supplied fully assembled and individually boxed.

### Hang Opti frames on a picture hook

- Smaller Opti snap frames up to and including A3 size can be hung on a single picture pin nailed into the wall.
- The back of the frame provides this facility whether the frame is to be mounted portrait or landscape
- Hanging a snap frame on a picture hook, nail or tack only requires a hammer.
- Picture hooks and tacks are not supplied. They are available from hardware stores.

### Fix Opti frames using screws

- The usual way to permanently fix Opti frames is with screws.
- Screws and plastic wall plugs are included with every snap frame we supply
- The wall plugs are for use with masonry walls such as brick and most plastered walls
- When screwing onto wood the plugs are not needed
- A drill and screwdriver are required for screw fixing (and we recommend using a spirit level and tape measure to ensure the frames are properly aligned). If in doubt please consult a proficient DIY or trades person.

### Fix Opti frames using adhesive tape

- Rolls of double-side adhesive tape are available as an accessory item.
- If **double-side adhesive tape** is used to fix frames (in place of the screws supplied) please check the smoothness and suitability of the wall.
- Tiles and similar surfaces may be suitable provided they are cleaned thoroughly before application.
- Tape fixing is not suitable for surfaces with a non-stick coating or porous/foamed surfaces.
- We recommend that tape is used around the full perimeter of the frame.
- Larger frames are normally best screwed. A residue of foam tape will be left on the wall or door after removal of the frame and the frame will usually be hard to get off.

## Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
