### Waterproof outdoor snap frames with tamper-proof lock

If you need to display prints and posters in a tamper-proof poster frame, with the additional protection of an integral seal, our lockable water-resistant snap frames are the answer. These waterproof snap frames can also be used to display thicker substrates such as a printed card (up to 3mm). So the design can be a good choice even if you don't intend to use the frame outdoors.

- The frame hinges open to reveal a high quality extruded rubber gasket seal all the way around the interior. So not only is your sign or poster safe from interfering fingers, but it is also protected from the elements.
- The 'lock' is achieved by a security bolt which can only be undone with an Allen key. Each side interlocks

<https://www.sign-holders.co.uk/snap-frames/waterproof-snap-frames/waterproof-lockable-snap-frames-a4-u-p-to-40x60.html>

with the next – so once the first side is opened, the other three sides can also be accessed. Then the frame contents can be changed with relative ease.

- By popular demand the range has been extended to include larger size outdoor snap frames: A0 size (841 x 1188mm), 30x40 inch (Quad size) and 40x60 inch (4 Sheet poster frame).

## **Can you use waterproof lockable snap frames indoors?**

Many signs and advertisements are collectable items, in a cinema, theatre or a music venue posters can be highly prized items, lockable snap frames allow you to display these posters in a tamperproof manner meaning your event gets maximum exposure to the public. Many organisations have their advertisements printed and delivered from a central office and may not have spare prints to replace damaged or stolen posters.

- We have a full range of poster sizes from A4 & A3 that are ideal for advertisements toilets and restrooms.
- A1 & A2 posters for advertising upcoming events in corridors or passageways.
- Popular large format sign holders, A0, 30x40inch (Cinema or Movie poster size) and the largest 60x40 inch or 4 sheet poster holders.

The 35mm border is eye-catching just what you need for large format advertisements it also offers unprecedented protection from a movie poster collector!

## **What posters I can use with these poster frames?**

You can use standard or heavy weight paper posters or if you have your posters specially printed, up to 3mm signboards will fit perfectly within the frame beneath the heavy duty poster cover.

## **What is included in the box**

- A Professional top quality waterproof lockable snap frame
- UV and Anti-glare heavy duty poster cover
- Locking tool
- Wall fixings and screws

### More Information

### **Lockable waterproof frame details.**

- Profile width is 35mm (viewed from the front).
- The standard frame finish is silver (anodised aluminium, brushed finish).
- The poster cover sheet is fitted with a PULL tab to make it easier to remove.
- Each frame is supplied with fixing screws and wall plugs.
- Frames are supplied individually boxed.
- Other sizes and colours of outdoor waterproof lockable snap frames are available for special orders, though minimum order quantities may apply. Please enquire.

Please note that condensation can occur within a waterproof snap frame whenever the ambient temperature falls below the dew point. It is advisable to print posters on a grade of paper, often referred to as waterproof paper, which is resistant to humidity. Likewise, the ink used should be resistant to fading in sunlight if a poster is likely to be displayed outdoors for some time.

Waterproof snap frames are designed to be mounted onto a flat wall or surface so that the back is not exposed, as this may compromise the ability to remain waterproof. To mount on alternative surfaces such as fences and railings we recommend that you first mount the frame onto a rigid solid backing board, and then attach the backing board to your desired location.

## Size Information for Waterproof Lockable Aluminium snap frames

- The width of the surround is 3.5cm = 35mm
- Front to back depth of 35mm profile snap frame: 17mm
- A4 relates to the size of paper an A4 frame will fit.
- A narrow strip around the edge of your print is hidden when the frame is closed.

Visible poster size: 4mm less than actual poster (i.e. 2mm all round your poster is hidden by the frame surround)

- The overall size of the frame is larger than the paper inserted.

Overall (external) frame sizes are shown in the table:

## Table of Waterproof snap frame sizes – relates to 35mm wide profile frames

### Assembly and Installation

## Fix snap frames using screws

- The best way to permanently fix snap frame is with screws.
- Screws and plastic wall plugs are included with every snap frame we supply
- The wall plugs are for use with masonry walls such as brick and most plastered walls
- When screwing onto wood the plugs are not needed
- A power drill and screwdriver are required for screw fixing (and we recommend using a spirit level and tape measure to ensure the frames are properly aligned). If in doubt please consult a proficient DIY or trades person.

## Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
