Description

Maxi poster frames 24x36"

Maxi poster size is 24"x36" which is 61x91.5 cm or 610x915 mm. The approximate cm size is 61x91. It is a popular poster size for movie posters and many other printed posters. Please measure your poster to make sure you are ordering the correct frame as we also sell frames sized to suit 27x40" and 30x40". It doesn't matter whether the poster is printed portrait or landscape as our maxi frames can be fitted to suit either.

Advantages of a snap change Maxi poster frame

The Maxi poster frame is our best price and quality snap open and close frame – perfect for holding popular printed posters. You don't need to take down the frame to change the poster – simply clip open the frame surround and pop in the new maxi poster. Great for film nights with your friends!

If you have bought a poster from one of the popular poster printing websites and want an easy to use poster frame for a teenagers' bedroom or your trendy apartment, these quality frames look stylish. As they are made of metal they will not break, unlike some flimsy wooden ones .

- High quality amazing value maxi frames which are strong and smart
- Easy to display popular maxi size posters and movie posters.
- Our front loading maxi poster frames can be used landscape or portrait.
- Black coated aluminium snap frame with wall fixings supplied.
- To hold posters 91.5 x 61 cm / 36" x 24" / 915 x 610 mm
- Can also be stuck to a door or wall with double sided adhesive tape.
- Supplied with free shatterproof poster protector (not glass) safe to use in child's bedroom.
- Posters not included.

Product Dimensions

Size Information for Maxi snap frames

A narrow strip around the edge of your print is hidden when the frame is closed. This will mean that 11mm all round your poster is hidden by the frame profile and will need to be taken into consideration when displaying text or important information within the visible area.

Dimensions

| Order Code | Poster size | External size | Visible area |

| AS.MAXI/25-B | 610x915 | 639x944 | 588x893 |

Assembly and Installation

Fix snap frames using screws

- The best way to permanently fix snap frame is with screws.
- Screws and plastic wall plugs are included with every snap frame we supply
- The wall plugs are for use with masonry walls such as brick and most plastered walls
- When screwing onto wood the plugs are not needed
- A power drill and screwdriver are required for screw fixing (and we recommend using a spirit level and tape measure to ensure the frames are properly aligned). If in doubt please consult a proficient DIY or trades person.

Fix snap frames using adhesive tape

- Rolls of double-side adhesive tape are available as an accessory item.
- If **double-side adhesive tape** is used to fix frames (in place of the screws supplied) please check the smoothness and suitability of the wall.
- Tiles and similar surfaces may be suitable provided they are cleaned thoroughly before application.
- Tape fixing is not suitable for surfaces with a non-stick coating or porous/foamed surfaces.
- We recommend that tape is used around the full perimeter of the frame.
- Larger frames are normally best screwed. A residue of foam tape will be left on the wall or door after removal of the frame and the frame will usually be hard to get off.

Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
