Description

Double sided LED lightbox with ceiling hanging kit

Slim profile LED lightbox for suspending from the ceiling or inside a retail store window or as a double-ssided LED menu light box. Double-sided display makes our hanging lightboxes very versatile and eye cataching.

This is an ideal hanging light box design for display in shop windows or hanging from the ceiling in any indoor situation.

- Posters should be printed on transucent paper such as backlit film as the poster is illuminated from behind.
- Smart LED light boxes are just 27.5mm thick (just over 1 inch).
- The integrated light diffusion panel creates a bright and even illumination.
- Slim profile snap frames (25mm wide profiles) make for easy access for poster changing from each side of the suspended light box. Change posters in situ there is no need to take down your menu light box to update your message or restaurant menu.
- Economical to run thanks to low power consumption and high light output from LED light source.
- Low voltage light source make for safe and practical installation.
- Price includes ceiling hanging-wire kit and a transformer which plugs into a standard 13A socket together with necessary leads.

Additional Information

An internal content of the content		
Marchael (Marchael Marchael Ma		LED Blumination has many advantages. - (LDD) is the loanest life light souce (no tubes to change every year or two) with the lowest running costs.
Methods to the control of the contro		These valuable features are combined with bright illumination, cool running, excellent reliability and no maintenance for up to 100,000 hours. The life cost of LED (light emitting diode) light hoxes is significantly lower than other light hoxes because of the energy efficiency factor. The environmental advantages of lower energy use represent a persuasive aradiment.
