## Description

---

### Posterfix adhesive backed magnetic holders

A great way to display A4 signs and notices on windows and walls.

- Wall and window magnetic poster mounts have a pre-applied low tack transparent adhesive on one side.
- They stick to almost any wall, door etc. - and can be peeled off again or repositioned without leaving any marks and no glue residue.

- Stick onto windows or glass partitions and your double-sided message displays on *both* sides. For external windows apply inside the glass. The coloured header strips show both sides.
- The anti-glare plastic poster cover closes securely thanks to the integral magnetic strips incorporated into the frame design.
- Attractive coloured border at top and bottom. Choose from a range of colours - use the drop-down box to select.
- For a minimum of 50 pieces we can also supply PosterFix branded with top and bottom strips specially printed - see [poster frames with logo](#).
