## Description

---

### Adhesive magnetic poster holders white border

Plain white headers and footers let you fix signs on glass doors, windows or walls - and change them whenever you like.

The front flap folds down to take your print and is then secured by the magnetic closure built into the top strip. The adhesive backing on both top and bottom strips lets you remove or reposition the Posterfix holders

when required.

- Easy to fit and simple to use - a very versatile poster holder for shop windows, offices, schools and hospitals.
- On windows or glass panels the message shows both sides when using a double-sided poster (or two prints back to back). The holder looks the same from both sides (white stripes show on both sides).
- The white borders convey a simple professional image while drawing attention to the message. [Branded Posterfix holders](#) with custom printed strips are also available to order.
- White Posterfix mounts are available in the following standard sizes and are priced singly.

### More Information

**Posterfix frames are fast and easy to put up without tools in less than a minute.**

View the video to see how easy Posterfix is to use. Scroll down for dimensions of all poster pockets.

Posterfix frames are used for convenience store promotions, tobacco and alcohol notices and to display plans of fire escape routes; also for no ID no sale notices, C-store offers and monthly promotions posters.

**White Posterfix holders are priced singly .**
