Description

A4 paper sign holder for displaying Information leaflets & signs or documents

The latest sign display holder sports a dark blue header titled 'Information' in white lettering.

This makes a really smart and practical window displays holder or document frame to highlight your latest news or important information.

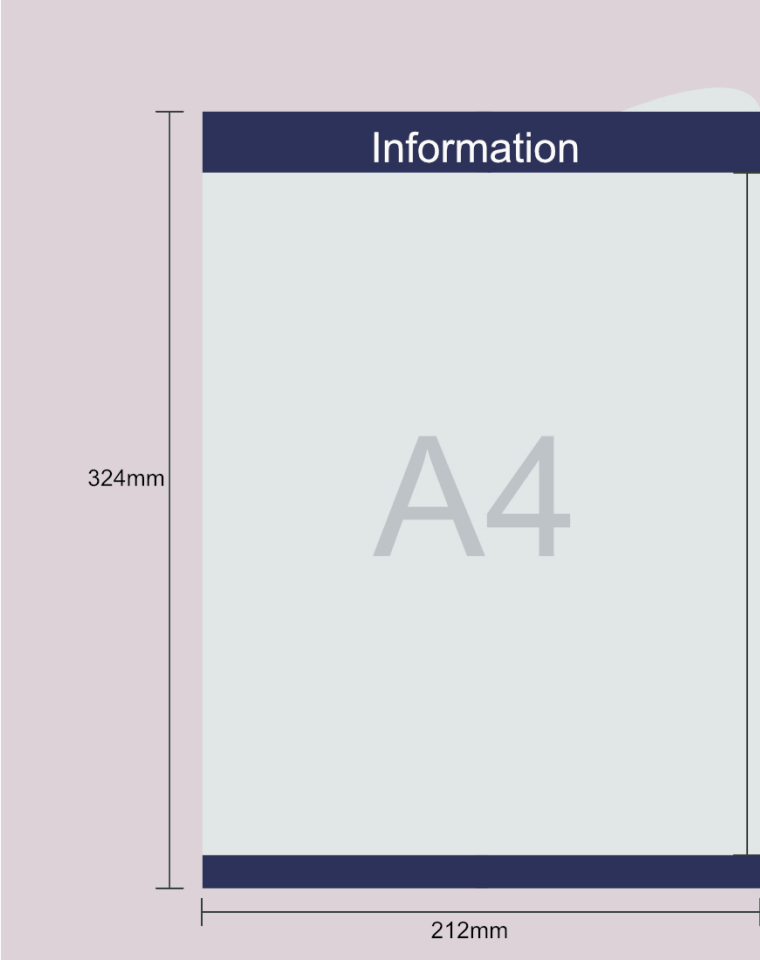

- Magnetic flap folds down for you to insert your A4 print.

- The sign mount has a special adhesive on one side – it sticks easily yet can be removed from most surfaces without leaving a trace and without causing damage to your wall or window.
- The word **Information** is printed on both sides so the sign mount can be used directly on glass to display a notice or advertisement from inside the window. Your document is sandwiched against the glass by the magnetic closure strip.
- Displaying information signs has never been so quick, easy or hygienic.
- **Used in many NHS hospital departments as a more hygienic solution to sticky tape.**
