Branded poster frames are perfect for promoting a strong corporate image. This Posterfix frame permanently displays your logo or brand message .

These flexible poster holders are backed with clear adhesive and can be applied to any flat surface, including glass - your custom branding and poster are visible from both sides. Removes without residue!

Printed promotional signs and advertising posters are inserted into the holder via the front magnetic flap - made from clear anti-glare plastic. The magnetic top strip, which carries your branding, secures posters when closed.

- Customised top and bottom strips are printed in full colour to your individual design. The price includes customisation of Posterfix produced specially to your requirements.
- Creative agencies and branding specialists can produce the header/footer design or we can submit visuals for approval based on your logo and brief.
- This service is available for **a minimum of 50 Posterfix units**. The price per unit reduces for larger quantities. We can also quote for special dimensions (or even bespoke shapes).
