Description

Directional signage system - 25cm long slat

The medium size directory system creates wall mounted office directory boards 250mm (10") wide. These directory signs are perfect for interior signage in buildings that require occasional updates of the inserted graphics. This directory board system allows you to design your own completely bespoke directory sign system with easily changeable graphics using a regular A4 size office printer and small guillotine.

- Modular directory system so different height slats of the same width can be combined as required. Two starter sets are available with either a 100mm (4") or 75mm (3") high header plus 3 no. 50mm (2") high lower bars.
- Can be used with printed sign inserts or flexible sign substrates (up to 1mm thick). Supplied with suction tool to aid removal of plastic protector.
- Slats are supplied with adhesive tape pre-applied to back of sign for mounting directly to the wall.
- Curved silver aluminium slat with clear plastic (PETG) print protector - order slats in sets of 4 or individually.

More Information

All curved aluminium signs in this range are supplied with black plastic end caps and come with a suction tool to make it easy to remove the plastic cover sheet.
Multiple sign slats can be butted together or spaced slightly apart so the overall height of the finished directory sign will vary accordingly.

Dimensions for Wall Directory Signs
The table below defines the size of print you require, indicating copy size which denotes how much of the print will be visible once inserted into the slat.

Product Dimensions

Wall Directory Signs - Wall Mounted			
Model	External (x-y)	Poster	Copy
