Product Images

Description

Curved aluminium sign holder - 15cm long adhesive slats

This curved aluminium sign holder has a clear plastic (PETG) print protector and can be used as a small wall sign for wayfinding or fixed directly to a door to identify the room function or occupant. This type of printable small door sign is perfect for room identification especially when there is a need to update the sign from time to time.

- Can be used with printed sign inserts or flexible sign substrates up to 1mm thick. Supplied with a suction tool to aid removal of plastic protector.
- Curved silver aluminium sign with clear plastic (PETG) print protector to use with a printed insert.
- Finished with smart black plastic end caps.
- Supplied with adhesive tape pre-applied to the back of the sign for mounting either directly to the wall or directly onto many types of door.
- Sticks very securely - quick and easy to apply.

If you prefer a similar screw-on version with slightly higher specification please refer to the links below.

Additional Information

HOW TO DESIGN YOUR SIGN
Various graphics software packages can be used but if you prefer to use **Word** these tips might help:
Go into Insert tab Text Box>Draw a text box (or adapt a ready-made Word text box).
Use size controls to accurately set the box height and width according to the size ordered. You can use this as a trimming guide after printing.
Click inside the box to start typing adjusting font type and font size to achieve your desired layout. Make sure you leave enough space all around your text.

About this range of wall signs
All curved aluminium signs in this range are supplied with black plastic end caps and come with a sunction tool to make it easy to remove the plastic cover sheet. The table below covers all sizes in the range defining the size of print you require and indicating the top and bottom margin which will not be visible once the print is inserted into the slat.
