- Wall mounted flip poster displays with all white frames or multi-colour frames

### Product Images

# Description

## Poster flip display - 5 A4 pockets

**Great value wallmounted poster flip display** comprising five hinged A4 or A3 poster holders with clip into a sturdy wall bracket. Use double-sided to display 10 A4 pages of information in a single compact wallmounted flip poster display unit.

- Poster pockets can be supplied all one colour (white) or select a mixed set (A4 only) of assorted colours. All white looks more stylish while assorted frame colours are perfect for finding specific information fast – e.g. safety data sheets in the red poster pocket.
- Each poster frame comes with a U-shaped clear plastic sleeve into which two sheets of standard A4 or A3 size paper can be slotted in back to back.
- Easy pivot action makes for easy display of multi-page menus, parts lists in manufacturing environments, telephone lists for large organisations and countless other uses.
- The wall mounted spine needs to be screwed to the wall. It is made from rigid high grade synthetic material. The hinged poster holder pockets are made from ABS, an engineering plastic moulded in various colours.
- A3 size wall mounted flip poster displays are available from stock.  
Unfortunately this system does not lend itself to displaying posters larger than A3.

## Additional Information

More Information	Capacity: 5 A4 pockets to display 10 A4 pages.
