Short Description

- Showroom Information display stand with 10 pocket flip display
- Smart anodized silver aluminium display stand with 10 black A4 double sided leaflet pockets
- Customer information A4 flip catalogue stand

Product Images

Showroom catalogue display stand - 10 A4 pockets

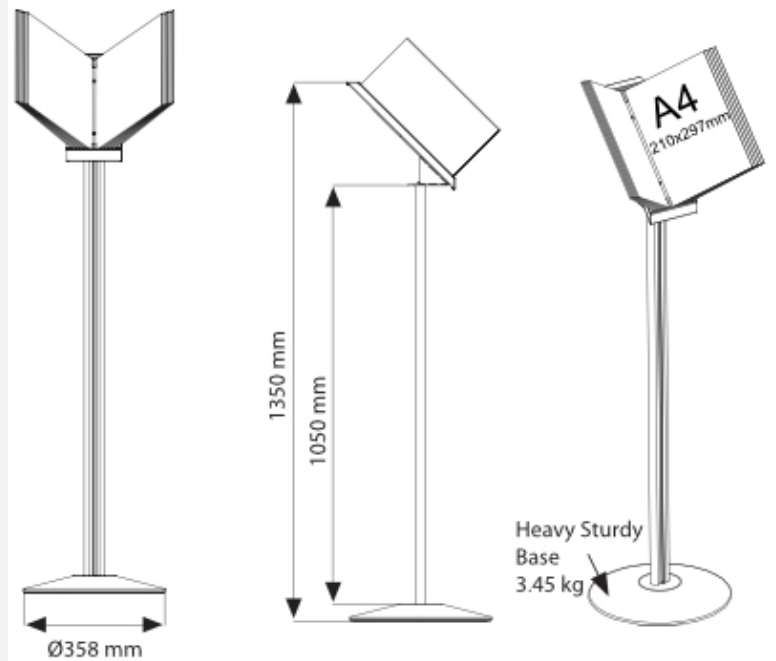

This robust floor stand supports ten hinged A4 poster frames, conveniently angled and pivoted for easy reference by a person standing.

The free standing display of multiple A4 pages is sometimes called a reference rack since it allows quick and easy reference to brochures, specifications, price lists and any other data needed. From smart car showrooms to the factory shop floor this freestanding poster flip display stand performs well.

- Floor stand has a weighted circular base for extra stability. Assembly is quite easy. Finish is silver paint onto metal.
- The leg has a matching matt silver finish - it is made from silver anodised aluminium.
- The hinged display pockets fit into the top of the stand so that they can be pivoted - so viewing data sheets is as simple as turning the pages of a book.
- 10 black A4 pockets are supplied, each with a protective pouch and tuck-in flap to retain printed material.
- The angle of the display is fixed. As the unit is quite tall it is intended for use by adults.
- Can be used as a multi-page menu display at the entrance to a restaurant (under cover - the sleeves will not protect paper against rain).
- Very compact and space saving display of multiple A4 portrait sheets. At this time we do not offer other sizes.
