## Description

---

### **Vertical data strip in both clear and white - 39mm ticket rail**

DBR39 scanner rail, this is the most common data strip in use throughout the UK, both in shops and for warehouse rack labelling. This data rail or ticket strip has factory-applied self-adhesive tape on the rear face. The high tack adhesive allows you to stick the label holder strip directly on to the flat front of a retail shelf or onto storeroom or stock racking.

- Fits labels, printed bar codes or price tickets up to 39mm high
- Clear front with either white or clear backing.
- Label holder scanner rail available in two grades of material – standard thickness or lighter gauge economy ticket strip
- Exceptional value for money. Best price online for a 50-metre pack
- Supplied in 1m lengths. Can be cut on site e.g. for making individual label holders.
- Adhesive will stick to metal and wooden shelves as well as glass cabinets and windows.
- Label strip sticks to any flat edge – can be used for warehouse labelling.
- 39mm high to suit most EPOS printouts for barcodes and product information.
- **Made in the UK**
