

Clip on sign holder with extended arm

Short Description

- Clip on sign holder with 5cm extended arm
- Ticket holder clear plastic with card holder

Product Images

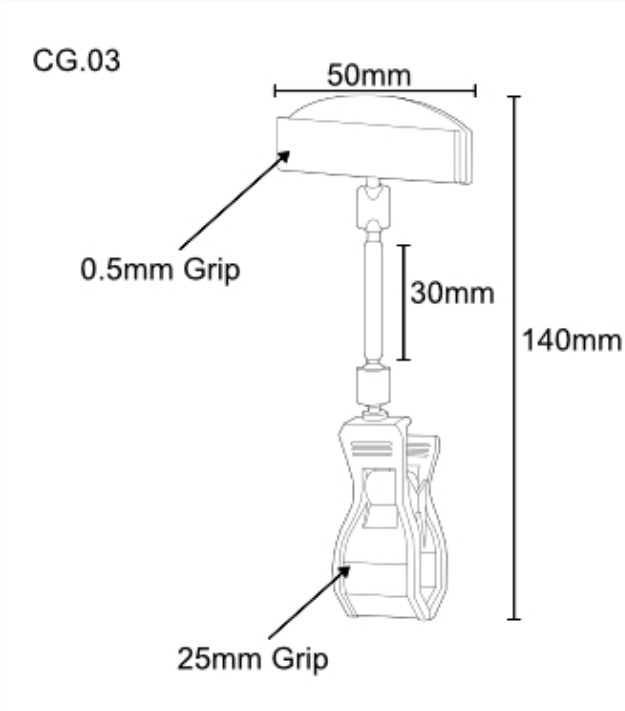

Plastic card clip with extended arm

This clip on sign holder features a card gripper on an extended arm for extra adjustability. The sprung clamp attachment allows for easy fixing to many display containers, or directly onto a product. Elevate your message to stand out and let the customer see the product.

- Similar to Card Gripper CG.01 but with a 2" (5cm) extended stem to enable price tickets to be displayed effectively in more difficult situations. The rod can be swivelled in any direction.
- The versatile clamp has jaws which open 1" (2.5cm) wide to allow reliable attachment onto baskets, trays and boxes with thick edges. Ideal for grocers, florists, deli counters etc.
- The price ticket or sign should be around 500 micron thick - about the thickness of a typical postcard - in order to be held secure.
- This clip-on sign holder is made from clear polycarbonate plastic and can be for price tickets in food displays.
- Lower cost shipping by post applies for up to 20 CG.03

More Information	<p>Specifications</p> <p>Clip on sign holders with extended knuckle joints can be used in many types of display ranging from food counters to clothes rails. The knuckle joints allow the components to swivel and angle in relation to each other such that the sign or price ticket is displayed at the optimum reading angle, regardless of what the clamp is attached to.</p> <p>Clip on sign holders can be used for a variety of signage around the store or in a food servery. The sign is typically up to A5 in size - price labels around 3"x4" (75mm x 100mm) or 4"x6" (100mm x 150mm) are ideal. The card or ticket needs to be stiff enough so that it won't flex in use. Paper signs which are then laminated using a heavy duty laminating pouch (e.g. 360 micron) may be used as well as write-on chalk card labels (available here).</p>
