Description

High quality silver finish plastic sign frames

The striking Silverline range has a special applied coating to give these premium plastic frames a smart matt silver finish. They look good in a modern store environment when used to provide signage and point-of-sale.

The price is for the frame only (including correx backing sheet). Clip on feet, wall clips and other optional accessories are available depending on the way you want to use these frames.

- Silverline sizes up to A3 fit laminated prints as well as standard paper.
- A5, A4 and A3 size frames have square corners.
- All sizes are supplied with a 3mm Correx backing sheet.

Order clips separately - see Recommended Accessories and links below.

Additional Information

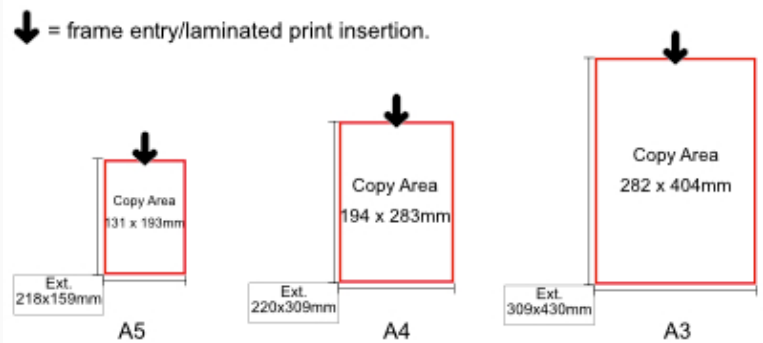

More Information

As an alternative to these silver coated plastic slot-in frames consider using [silver aluminium snap frames](#). In many cases the aluminium frame offers a superior and more economical solution.

Silverline frames can be used outside but are generally used indoors. Be careful to select the correct fittings for your Silverline frames. A wide range of fittings is available to suit the smaller sizes up to A3. For the larger A2 size a more limited range of Series 200 fittings is available. (Please ask if you can't find the fitting you require).

Product Dimensions

Especially designed for laminated posters that do not fit into standard frames, this frame eliminates the need for an uncomfortable "cutting to size" of the laminated inserts. Short side poster entry, max poster thickness is 4.5 mm. Our laminated showcard frames are especially suited for areas with high humidity or for outdoor use.

This product is also available as a [floor standing pedestal stand](#).
