### Wall clips for plastic poster frames A5, A4 & A3

Polycarbonate wall clips available in clear or black. Clear is recommended for all colour frames except black.

We recommend two clips per frame in virtually every situation (though some customers use three or four in vulnerable locations with larger A3 frames).

Attach the keyhole wall clips to the frame before screwing them into position. The clips are suitable for indoor and outdoor use for securing our plastic frames to walls, doors, wooden fences, display tables and plant benches.

Clips can be used for attaching a frame to a wooden post provided that the insert slot is at the side (i.e. oriented for landscape use).

More Information	<ul style="list-style-type: none"><li>• OEK.145 clips onto the rim of any Slim Frames in sizes A5, A4 or A3. With the backing sheet removed from the frame the keyhole fastener is screwed through the aperture of the frame. When the Correx backing is replaced and the print or sign is inserted, the screws are hidden. (Screws are not provided with this clip).</li><li>• If you use plastic Slim Frames it is always worth keeping some keyhole wall clips in stock as they are such a practical and versatile fixing.</li><li>• Please note that these clips WILL NOT fit A2 Slim frames. These have their own clips as their profile is thicker and not compatible with Series 100 fittings.</li></ul>
Delivery and Returns	<ul style="list-style-type: none"><li>• We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.</li><li>• Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.</li><li>• For detailed information about Delivery charges or Returns and refund policies, please click on the links below.</li></ul>
