Description

Angled frame support feet for Slim Frames A5, A4 and A3

Clear polycarbonate snap-on feet support Slim frames on a tabletop or other flat surface at an angle.

These angled legs are easy to attach and detach to A5, A4 and A3 Slim frames. They are robust and can be re-used many times. We recommend that you use 1 pair of feet per frame.

If you want to use your slim frames double sided on a table or counter-top then you could use [the RA1 Upright feet instead](#).

- Snap-on / off action.
- Easily convert your slim frame from portrait to landscape.
- Snap on feet are priced and sold as a pair.
- Re useable

Additional Information

More Information	<ul style="list-style-type: none">• Angled feet may also be referred to as inclined feet or lean-back feet.• They are a light weight item and not recommended for outdoor use (though we have seen them with a brick placed across the legs to stop the frames blowing away!) A better solution outdoors would be our G-clamp fitting - see under Shop Signs.
Delivery and Returns	<ul style="list-style-type: none">• We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.• Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.• For detailed information about Delivery charges or Returns and refund policies, please click on the links below.
