

Upright frame support feet (pair)

Short Description

- Upright feet compatible with our plastic Slim frames (Coloured frames)
- Made of tough clear polycarbonate - the feet 'snap on' to the frame surround
- Snap on feet are only intended for this precise type of frame

Description

Upright feet for Slim frames sizes A5, A4 and A3

Clear polycarbonate snap on feet which hold the frame upright. The upright slim frame can be used double sided on a table or countertop in either landscape or portrait. They are very robust and can be re-used many times.

- Frames fitted with these upright feet won't break if dropped on a hard floor!
- These robust legs can be fitted to suit portrait or landscape display.
- Upright feet enable the frame to be used double-sided.
- Snap on feet are priced and sold as a pair.
- Easy to use. Lightweight - intended for indoor use.

Additional Information

More Information	<p>Other options for table-top poster display are to be found under Table sign holders. However compared to typical acrylic menu holders the Slim frame version is particularly tough and resistant to breakage, for example when dropped on a hard concrete floor.</p> <p>These stand-up feet can be fitted and removed from Slim frames repeatedly but if eventually they age and break we can re-supply these fittings without re-supplying the frames.</p>
