Description

Magnetic feet for slim frames

Magnetic fastener attaches to Slim frames size A5, A4 and A3. It holds frame at 90 degrees to any steel surface. 2 required per frame.

- Magnetic mount for metal shelf units such as retail gondola tops.
- 90 degree fixing for slim frames to attach to steel surfaces.
- Use on horizontal or vertical surfaces

Commonly used for gondola top signage. On vertical steel racking magnet fittings can be used to attach 'flag' or 'bus stop' signs e.g. for row marker signs.

More Information	Magnet fittings offer a simple method of attaching Series 100 plastic frames to the tops and faces of shop-fittings and other steel components.
