### Plastic fittings and clips for A1 & A2 plastic poster frames

A1 and A2 plastic top-loading Slim frames are called Series 200 frames. They require Series 200 fittings to match.

Because they have a wider rim, fittings intended for smaller Slim frames (Series 100) are not compatible with the larger A2 and A1 size plastic frames.

A few useful fittings for A2 and A1 top-load frames are listed on this page. More styles are available, so please enquire if you are looking for a particular fitting – for example to suspend from a ceiling or from a rail.
