### Angled bed-card holders A5 & 6" x 8"

**Angled bed card holders** are specifically for attaching to the upstand around a plant bench or table. Special clips allow rapid and secure attachment to many types of plant benches. The bed label is displayed at an inclined angle for ease of reading.

**This fully framed version** (based on Green Magic's unique Slim Frame) performs best for retaining a range of bed card types - e.g. standard 8"x6" printed on stiff PVC, laminated A5 paper (frame allows for the extra border resulting from lamination) or true A5 prints on more flimsy plastic produced on an OKI printer and other laser printers.

- Holders can be moved easily making this a very flexible solution for displaying individual bed cards at garden centres.
- Frames are available in a range of colours - moulded from durable outdoor plastic with a rigid back panel to retain even the more flimsy inserts in windy outdoor conditions.
- Nominal size is A5 but frames are also perfectly compatible with laminated A5 and the traditional (slightly smaller) 8x6in size.
- Aluminium clips riveted to the back of the frame are easily adjustable to suit a range of upstand thicknesses up to 25mm /1".

### Angled bed-card holders

Available in a range of colours and with bulk-buy discounts - perfect for displaying essential information to your customers!

### WE MANUFACTURE THESE TO ORDER

PLEASE ALLOW A WEEK OR TWO FOR DELIVERY.

**Angled display of bed cards using unique Green Magic holders which can be moved and re-positioned whenever required - read on for MORE DETAILS.**

Slim frames are manufactured from ABS with added UV inhibitors. They are well-proven for long-term outdoor use (several years at least in typical situations).

Frames are supplied with our special aluminium Vari-Tite clips fastened to the back of the frame. These are made of soft bendable (malleable) aluminium. The clip's design incorporates an internal serrated edge to achieve a reliable and secure grip on typical softwood or treated timber garden centre benches which have a lip, board or upstand around the edge of the table.

The integral clips are pre-formed but can be squeezed to achieve a tight fit on whatever timber bench surround you have. This includes most half-round timber but the clips will not suit benches with especially thick surrounds [maximum 25mm (1") thick] or flat tables where there is no upstand.

These individual bed card holders also suit some aluminium plant tables. To check the fit please order one as a sample to try - a reduced P&P charge applies to single purchases. For large schemes please call to discuss whether you qualify for complimentary samples.

#### More Information

#### Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
